BIG WAR BOX SET

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A compelling collection of nonfiction military history titles by Robert Child. Five full books in all with photographs and detailed maps. This is a keepsake multi-volume set you want to have on your shelf. It includes: #1) Washington s Crossing: America s First D-Day A ragged Continental army has now put an icy river between themselves and the pursuing British army. The men in blue and buff uniforms have known nothing but defeat and had once again made a narrow escape while the Congress at Philadelphia reflecting no confidence in their troops prepare to evacuate to Baltimore. Washingtons besieged men reflect the state of a nation weary of war and a cause on the brink of extinction. They are an army in waiting - waiting for ammunition, blankets and reinforcements. But others, nearly half, are simply waiting for their enlistments to be up on January 1, 1777. Within days Washington would have no men with which to fight and the cause and the dream of independence would be over. Against this backdrop George Washington decides to go on the offensive. #2) Rush On Boys: Hamilton at War As the story opens, young Alexander Hamilton marches with the Continentals at Fort Lee, New Jersey. He is frustrated by being relegated to the end of the line and missing out on the action. He desperately wants to make a name for himself. His fortunes soon change at the Raritan River when the vanguard of British infantry catches up to Washington s army. Hamilton, and his cannons are the only defense line available to prevent the army from being destroyed. Successfully protecting the Continental army and allowing their...
