- This title describes how servlets offer distinct advantages over

CGI and reduce developers' reliance on complex languages like

C. It covers Java servlets in enterprise applications, EJB, and

JSP, and development issues, including how to allow multiple

developers to work on the same server projects. 496 pp. Englisch.

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
