Excerpt: . . . dry day, and do not paint or varnish after about two hours before sunset, or the work will be spoilt by the dew and cold air. Frost will prevent any paint or varnish drying properly. It is usual to have a narrow gold line round the boat just under the covering board, if there are no bulwarks. It is in a shallow hollow moulding or groove which is worked in the Putting on the top strake with a small round plane. The line is marked out Gold Ltne with a long batten tacked to the planking and this batten acts as a guide to the plane. The groove should be rubbed down smooth with glass-paper, and primed like the rest of the boat, and when it is all hard and dry it is gilded. To prepare it for gilding the whole of the paint..
